

Exhibitor Enhancement

Our Exhibitor Enhancement Hub looks after shell scheme exhibitors, ensuring they have everything they need to get the most out of their stand, representing their brand.

We take time to get to know the event and exhibitors' needs, allowing us to tailor our solutions to support every budget, from graphics to branded furniture, AV, electrics and flooring.

Show Ready

Our ecoVISION Show Ready Team offer an easy and effective way for exhibitors to upgrade their space, pre-designed and pre-costed.

Our Show Ready packages offer value for money and our team ensures that their stand is all set up and ready for their arrival.

Our aluminium frames can be designed no matter the size or location of the stand, tailored to the customer's specific needs.

Custom Design & Build

For exhibitors looking for something with a little more innovation, our in-house Creative Studio will conceptualise brand experiences, designed specifically to mirror their brand persona.

We have a dedicated Design & Build team who have full control over the design, manufacturing, build and delivery of these projects.

Show Ready ecoVISION

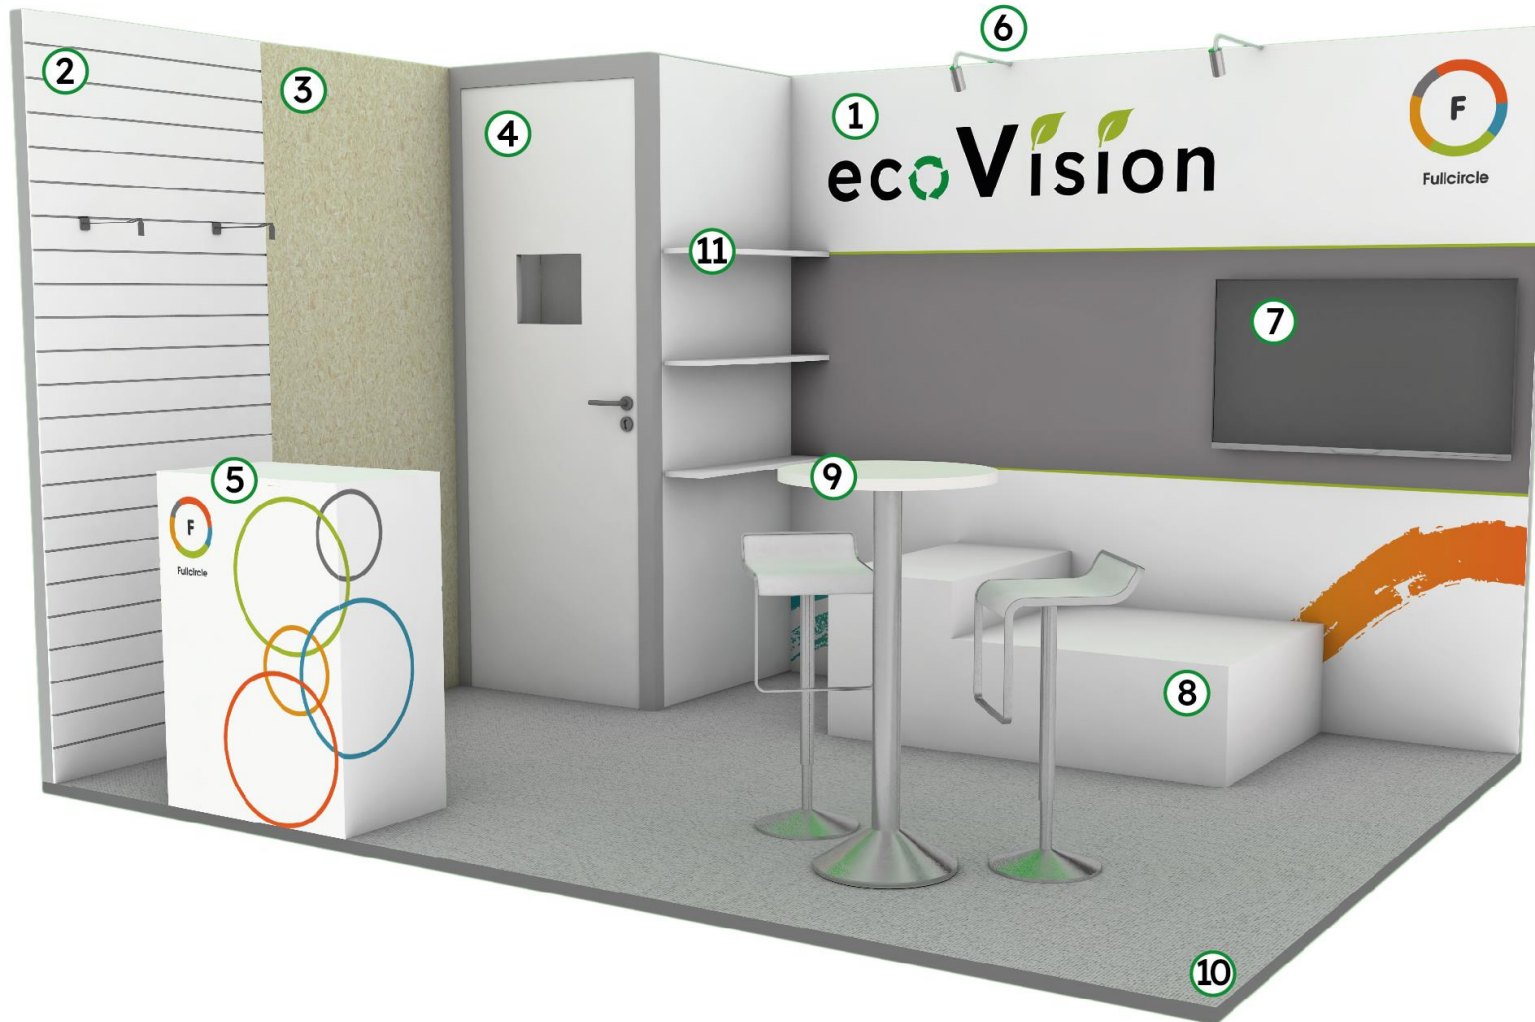

Beautiful, sleek and eco-friendly solution providing a bespoke look and feel while being the most sustainable solution on the market.

**Upgrade your stand today to our Show Ready
